 PFLEIDERER

**INSPIRATIONS
CLOSE TO YOU**

ONE PFLEIDERER: INSPIRATIONS CLOSE TO YOU – FOR YOUR WORK AND YOUR REQUIREMENTS.

The Pfleiderer brand has reorganised itself. A new, international and powerful brand has emerged from the amalgamation of Pfleiderer Grajewo and Pfleiderer GmbH.

In the course of this process we have been able to harmonise all the production locations, simplify the processes and optimise our product range and services. Thus, you now have access to a range of decors, surface textures and sizes that are identical throughout the world and unique in its breadth and depth.

For you, One Pfleiderer means: a strong partner for high-quality wood-based panels with outstanding decorative surface expertise, customer-oriented service and a consistent focus on sustainability. And last but not least, countless creative and practice-oriented “inspirations close to you”.

PRIMEBOARD

NEW STANDARDS IN HIGH QUALITY LACQUERED SURFACES

Fine, but robust: With PrimeBoard, Pfleiderer presents a wood-based panel, which combines an attractive painted look, optimum workability and high durability. Whether PrimeBoard XTreme Matt or PrimeBoard XTreme High Gloss: Its innovative multi-coating technology makes it particularly easy to clean and permanently withstands high stresses. Integrated in our colour match range, the new lacquered surface allows for versatile and flexible use with perfect combinations while ensuring long-lasting colour stability. PrimeBoard also stands out due to its excellent machinability.

Unique in a variety of ways

- Elegant surface finish
- High colour stability
- Colour match with DecoBoard and Duropal HPL
- Easy to process
- Resistant and easy care
- Solvent-free
- Waste-efficient dimensions
- Highly cost-effective

**PRIMEBOARD
XTREME MATT (XT)**

Purism, which is never out of fashion: With the XTreme Matt surface, Pfleiderer PrimeBoard looks as modern as it is timeless. The extremely matt finish, with less than five gloss units, enthrals designers; the velvety feel invites people to touch it. XTreme Matt gives plain decors and wood reproductions a truly pure and precious appearance. The high degree of everyday suitability is enhanced by the anti-fingerprint effect: It protects the surface against unwanted soiling and enables particularly fast and easy cleaning.

The super-matt look and velvety feel of XTreme Matt are particularly attractive on light-coloured decors.

**PRIMEBOARD
XTREME HIGH GLOSS (XG)**

Highly glossy, extremely elegant: Pfleiderer PrimeBoard with XTreme High Gloss surface produces a perfectly even and three-dimensional mirror shine that lends a modern touch to plain decors. At the same time, its impressive depth conveys an extraordinary elegance to classic wood, stone and mother-of-pearl decors; and thanks to its excellent abrasion and scratch resistance, the high-quality surface will retain its gloss for a long time.

PrimeBoard P2

Melamine resin faced P2 chipboard with high-quality and innovative multi-layer coating made up of a permanently elastic functional layer and UV-curing acrylic coatings.

Format in mm Length	Width	Thickness	Textures
2,800	2,100	10 / 12 / 16 / 18 / 19 / 25	Front side: XG / XT Rear side: VV

AREAS OF APPLICATION

Exclusive interior and project fixtures and fittings, living room and bedroom furniture/sliding doors, bathroom furniture and kitchen fronts. Also available with PEFC™- or FSC® certification (license code: FSC-C011773) on request.

PRODUCT PROPERTIES

Core material	ClassicBoard P2
Fire behaviour	Normally flammable D-s2, d0
Formaldehyde emission class	E1 (EN 120) CARB2 / TSCA: Available on request

Whether in XTreme Matt or XTreme High Gloss: Pfleiderer PrimeBoard can be produced with an extensive range of decors. By using pigmented paints, an optimum colour match is achieved with DecoBoard and Duropal HPL. Individually customised colour wishes are also possible. Our decor range is available on request.

THE PRODUCTION MAKES
THE DIFFERENCE

Unique in Europe so far, PrimeBoard's manufacturing process is, in this form, being exclusively employed by Pfleiderer. The special feature is the combination of two production systems. A PUR functional coating applied to the core board in a hot coating process forms a permanently elastic substrate, which ensures very good processing. The functional coating does not become brittle and is able to level out thermal and mechanical

forces. The paint surface is applied by means of calenders, which offers a substantial quality advantage compared to conventional pouring or roller systems. The technology is based on solvent-free acrylic lacquers that consist of 100 % solids. The coating can be applied on either one or both sides. The paint hardening under the exclusion of oxygen produces a highly scratch-resistant surface.

PROBLEM-FREE WORKING,
PERFECT RESULT

The finished panel is characterised not only by its fine look and feel but also due to its extraordinary robustness, easy care and durability. This resistance is also noticeable during processing: Mainly due to the permanently elastic PUR functional layer, no chipping or cracks form during sawing, cutting, drilling or bevelling, and the result is always perfect. Thanks to the optimum format 2,800 x 2,100 mm with minimum cutting waste, economical processing is possible.

**YOU CAN HAVE A CLEAR CONSCIENCE
WHEN YOU WORK WITH US.**

Sustainable thinking and action is essential for all of our futures. Especially amongst your customers, the awareness of sustainably produced products that are suitable for a healthy living environment is constantly growing.

Pfleiderer pays attention to the absolute sustainability of all the company's activities. On all levels – economic, ecological and social: we not only manufacture our products with the utmost care, but also within the framework of a certified environment management system. In the production process, Pfleiderer pays attention to absolute ecology, e.g. in the formaldehyde-free glued panel LivingBoard, which has been synonymous with sustainable construction for almost four decades.

We also have a special responsibility as an employer: for this reason, a culture of trust focused on autonomous action is fostered in our company. Sustainability from which you benefit – through environmentally friendly products, dedicated employees and maximum satisfaction.

**ANY QUESTIONS? WE LOOK FORWARD
TO HEARING FROM YOU.**

Your satisfaction is our ultimate goal. But we go beyond this: Our goal is to surpass your expectations. That is why our partners can expect the highest standards in all areas of our operations. Do you have a specific project or just a simple question? Whichever way: We look forward to new challenges – and to your call.
