References

Product	Size (mm)	Thickness (mm)	Groove Type (mm)
Rigato Oak Almeria	2850 x 600	17	Variable 60 / 40 / 25
Rigato Oak Paris	2850 x 600	17	Regular 50
Merlot Walnut Almeria	2850 x 600	17	Variable 60 / 40 / 25
Merlot Walnut Paris	2850 x 600	17	Regular 50

Rigato Oak Almeria

Rigato Oak Paris

Merlot Walnut Almeria

Merlot Walnut Paris

Advantages

Low formaldehyde emissions *

* Our E-Z products have a low formaldehyde emission (< 0.05 ppm according to EN 717-1) and have a Certificate of compliance to meet the requirements of US EPA TSCA Title VI and CARB Phase 2 formaldehyde (<0.11 ppm ASTM E 1333).

Excellent mechanical properties (flexural strength, pulling strength, shock resistance, etc.) and dimensional stability.

Ease of machining (cutting and drilling) and installation.

Pre-lacquered with transparent acrylic

Natural veneer surface

Plastic film on one side to prevent damage.

Applications

- Interior decoration in dry environments such as residential, hotels, workspaces, etc.
- Wall panels, decorative coatings, room divisions, etc.
- The varnished boards are ready to be processed without the need for any subsequent treatment.

Packaging

Packaged in pallets of 24, protected with coverboards.

Certifications

Composition

Two models finished in a transparent natural tone made to provide consistency to the most demanding projects.

- Rigato Oak quality 033 (Plus Grade): European oak quarter cut mix match veneer. High quality consistent natural oak colour and tone. 17mm rigid board for many applications or project.
- Merlot Walnut quality 033 (A+): American walnut quarter cut mix match veneer. Maintains a consistent blend of Walnut's natural warm and elegant tones. 17mm rigid board for many applications or project.

The reverse of the panel has a balancing veneer with lacquer.

There are two groove patterns available:

- Variable model (Almeria) with 8 mm wide grooves spaced 60 / 40 / 25 mm.
- Regular model (Paris) with 8 mm wide grooves spaced every 50 mm.
